

The American Cancer Society: Always at work for those in need!

Donations are at work 24 hours a day, seven days a week, 365 days a year at the American Cancer Society. The California Division provides the following services and programs to reduce the impact of cancer in our state, each day:

- ▶ **\$156,164 in research grants are funded at leading California universities and institutions.**
- ▶ **\$822 is awarded to a young cancer survivor who is now attending college.**
- ▶ **465 Californians contact the American Cancer Society for information or services.**
- ▶ **170 cancer patients receive services through our local programs.**
- ▶ **17 cancer patients are transported to treatment by Road to Recovery volunteers.**
- ▶ **8 women undergoing chemotherapy and/or radiation attend Look Good...Feel Better.**
- ▶ **5 breast cancer patients are visited by our Reach to Recovery volunteers.**
- ▶ **Through our donors' generosity, California raised almost \$300,000 on a daily average to support the American Cancer Society's mission.**
